**Borgerforslag**

Hvis du bor i Aarhus Kommune og er fyldt 15 år, kan du stille og støtte borgerforslag. Borgerforslag er forslag og ideer, som du kan få i byrådet. Hvis et forslag får 1.500 støtter, kommer det i byrådet. Her på siden kan du se, støtte og oprette nye forslag.

Infrastruktur  
Annuler beslutningen om nedklassificering af vejstrækninger

Forslaget  
Undertegnede foreslår, at Aarhus Byråd annullerer beslutningen af den 22. februar 2017 om at nedklassificere 900 vejstrækninger i Aarhus Kommune, så Aarhus Kommune overholder landets love.

Bemærkninger  
I Vejlovens §15 står der: (citat)

"Kommunalbestyrelsen bestemmer, hvilke nye kommuneveje der skal anlægges, hvilke bestående kommuneveje der skal flyttes, nedklassificeres eller nedlægges, jf. § 124, og hvilke private fællesveje der skal optages som kommuneveje. Beslutninger herom skal træffes på baggrund af en samlet trafikal"

**Step 2 - Udfyld felter**

I næste step skal du have udfyldt de tre felter:

<b>Titel</b>	<b>Forslagstekst</b>	<b>Begrundelse</b>
Her skal du skrive forslagets titel. Titlen skal være kort og dækkende for forslagets indhold. Titlen må maksimalt fynde 140 tegn inkl. mellemrum.	Her skal du beskrive dit forslag. Teksten skal kunne forstås uden at man har læst begründelsen. Forslagsteksten må maksimalt fynde 2.000 tegn inkl. mellemrum.	Her skal du begrunde dit forslag. Du kan f.eks. skrive, hvorfor du fremsætter forslaget, og hvilke problemer det skal løse. Begründelsen må maksimalt fynde 6.000 tegn inkl. mellemrum.

**Opret borgerforslag**

**Step 3 - Opret**

Når du har udfyldt skabelonen, skal du klikke på '[Opret borgerforslag](#)'. Herefter vil du få vist hele forslaget, som det vil komme til at se ud for andre.

Du kan nu vælge at redigere forslaget ved at klikke på '[Ret borgerforslag](#)', eller du kan vælge at indsnde forslaget ved at klikke '[Godkend borgerforslag](#)'.

Du modtager en kvitteringsmail om, at dit forslag er sendt til Aarhus

Anonym borger  
Hvordan påvirker annulleringen af nedklassificeringen af vejstrækninger infrastrukturudviklingen? 10.00

Hej, godt spørgsmål.  
Annuleringen af nedklassificeringen af vejstrækninger vil sikre, at infrastrukturen forbliver i overensstemmelse med samfundsbehovene og sikkerhedsstandarderne. Det vil bevare adgangen til disse veje og muliggøre fortsat effektiv transport og kommunikation.  
Desuden kan det bidrage til at undgå potentielle negative konsekvenser, så-

The image displays three screenshots of the Aarhus Kommune mobile application, illustrating its features for citizen participation and workshops.

**Screenshot 1: Citizen Proposal Submission**

This screen shows the process for submitting a citizen proposal. It features a teal header with the Aarhus Kommune logo and a title "Borgerforslag". Below this is a background image of many hands raised. A horizontal progress bar at the top indicates four steps: 1. Personlig oplysninger (Personal information), 2. Foreslag (Proposal), 3. Begrundelse (Justification), and 4. Privilegt svar (Privileged answer). The main form fields include:

- Navn**: Name (placeholder: Dit navn kommer til at fremgå med dit forslag)
- Telefonnummer \***: Phone number (placeholder: Dit Telefonnummer kommer ikke til at fremgå offentligt)
- Email \***: Email (placeholder: Din email kan blive brugt til at afklare spørgsmål)
- Checkboxes**:
  - Ja, vis min e-mail på mit borgeforslag
  - Ja, I må gerne kontakte mig.

A large teal button at the bottom reads "Videre til foreslag" (Continue to proposal).

**Screenshot 2: Citizen Proposal Detail**

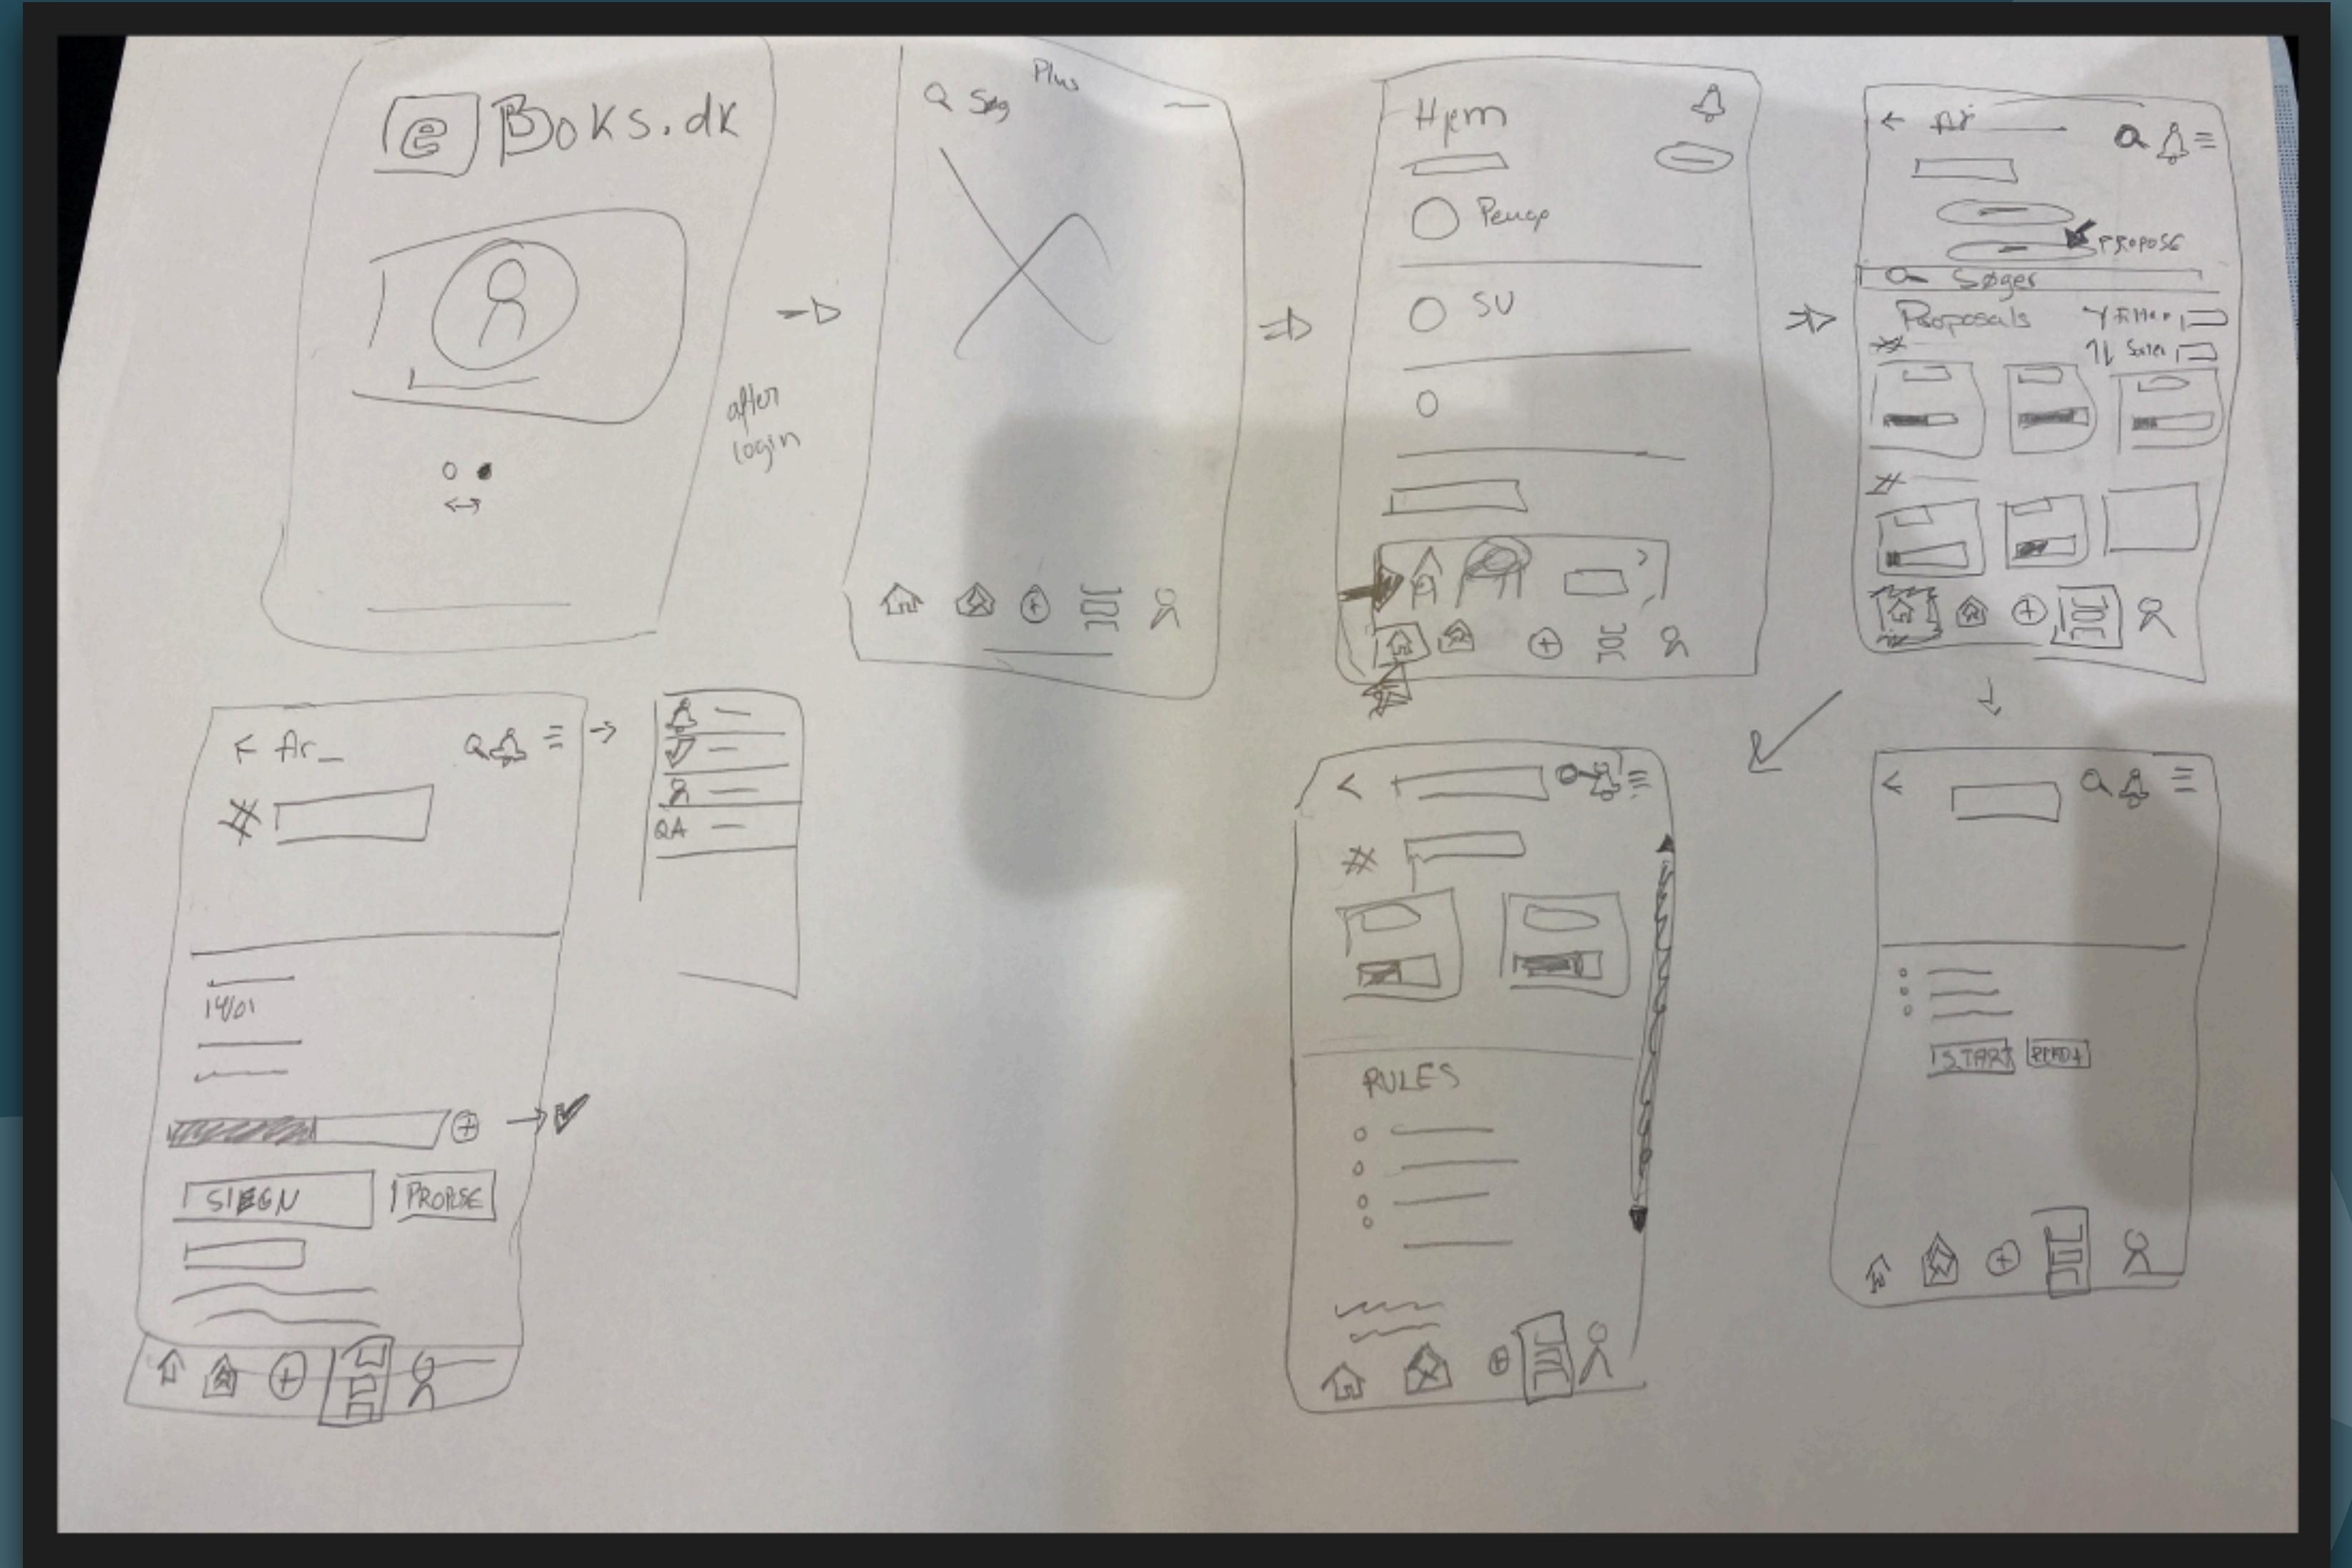

This screen shows a specific citizen proposal titled "Annuler beslutningen om nedklassificeringen af 900 veje i Aarhus Kommune." It includes a profile picture, the number 965/1500, and a progress bar. The proposal text describes a problem with flooding on Brabrandstien and Haveforeningen Rugholm. The "Forslaget" section provides a detailed description of the issue.

**Screenshot 3: Interactive Workshops**

This screen highlights "Interactive workshops" (Interaktive værksteder) with a background image of people in a workshop setting. It lists two options:

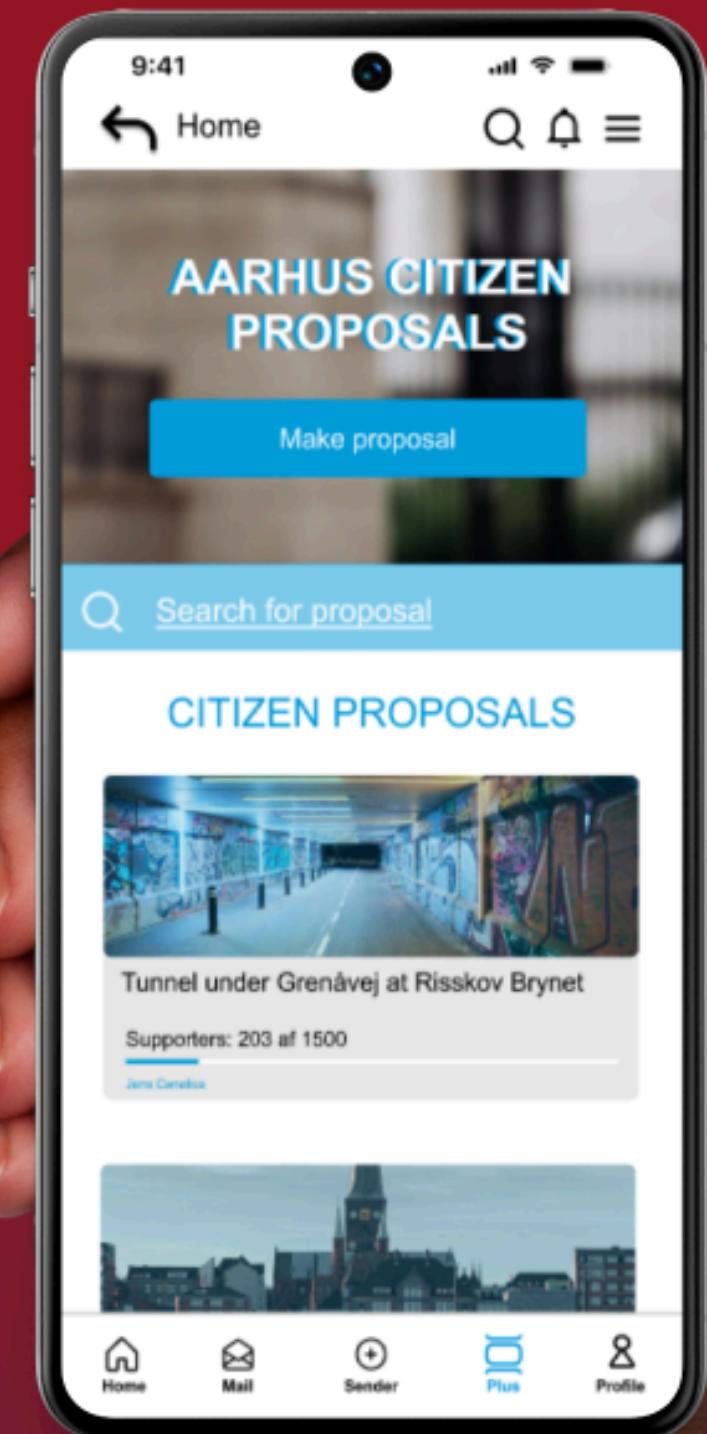

- Virtuelle workshops eller live-sessioner, hvor unge kan deltage i diskussioner og lære mere om borgerrinddragelse.**
- Ungdomspolitik quiz**

At the bottom, there's a "Politisk parti-rollespil" section with a handshake illustration and the date "09 FEB 2024".

The landing page for Aarhus UrbanShaper features the City of Aarhus logo at the top left. The main title "Aarhus UrbanShaper" is displayed in large, bold, black font. Below the title, a call-to-action text reads: "Vote for future urban development projects. Engage, create and shape the future you want for Aarhus. Together." Two social media connection buttons are present: "Connect with Facebook" and "Connect with X". At the bottom, there is a red button labeled "Log in with MitID" and a link for existing users: "Already have an account? Click here to login."

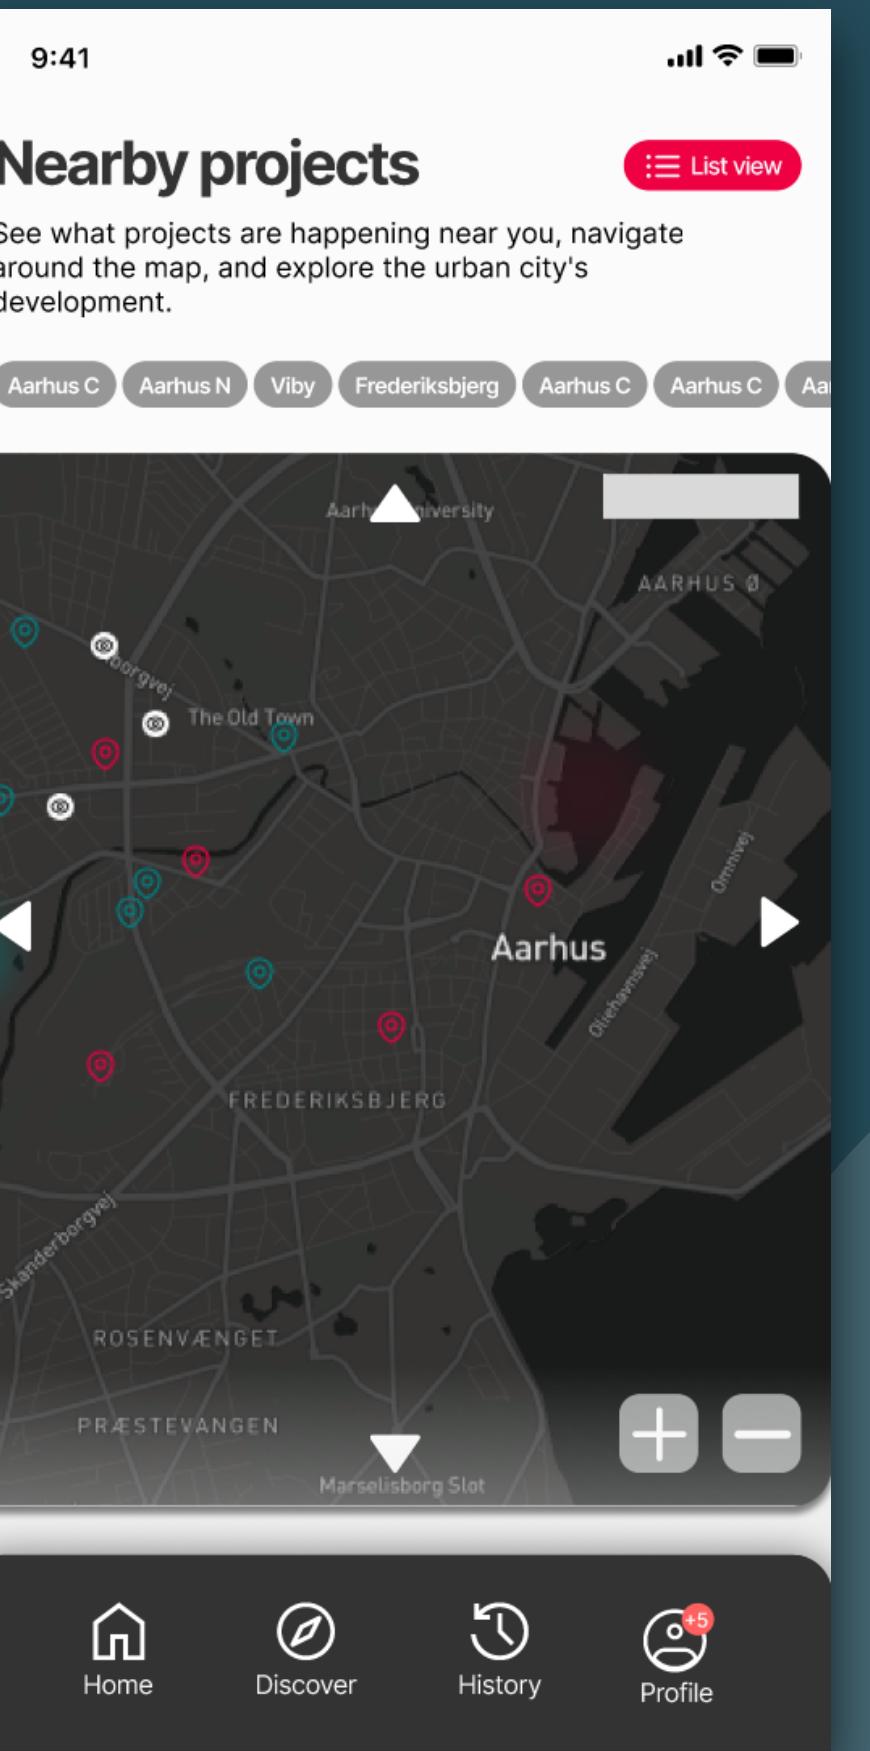

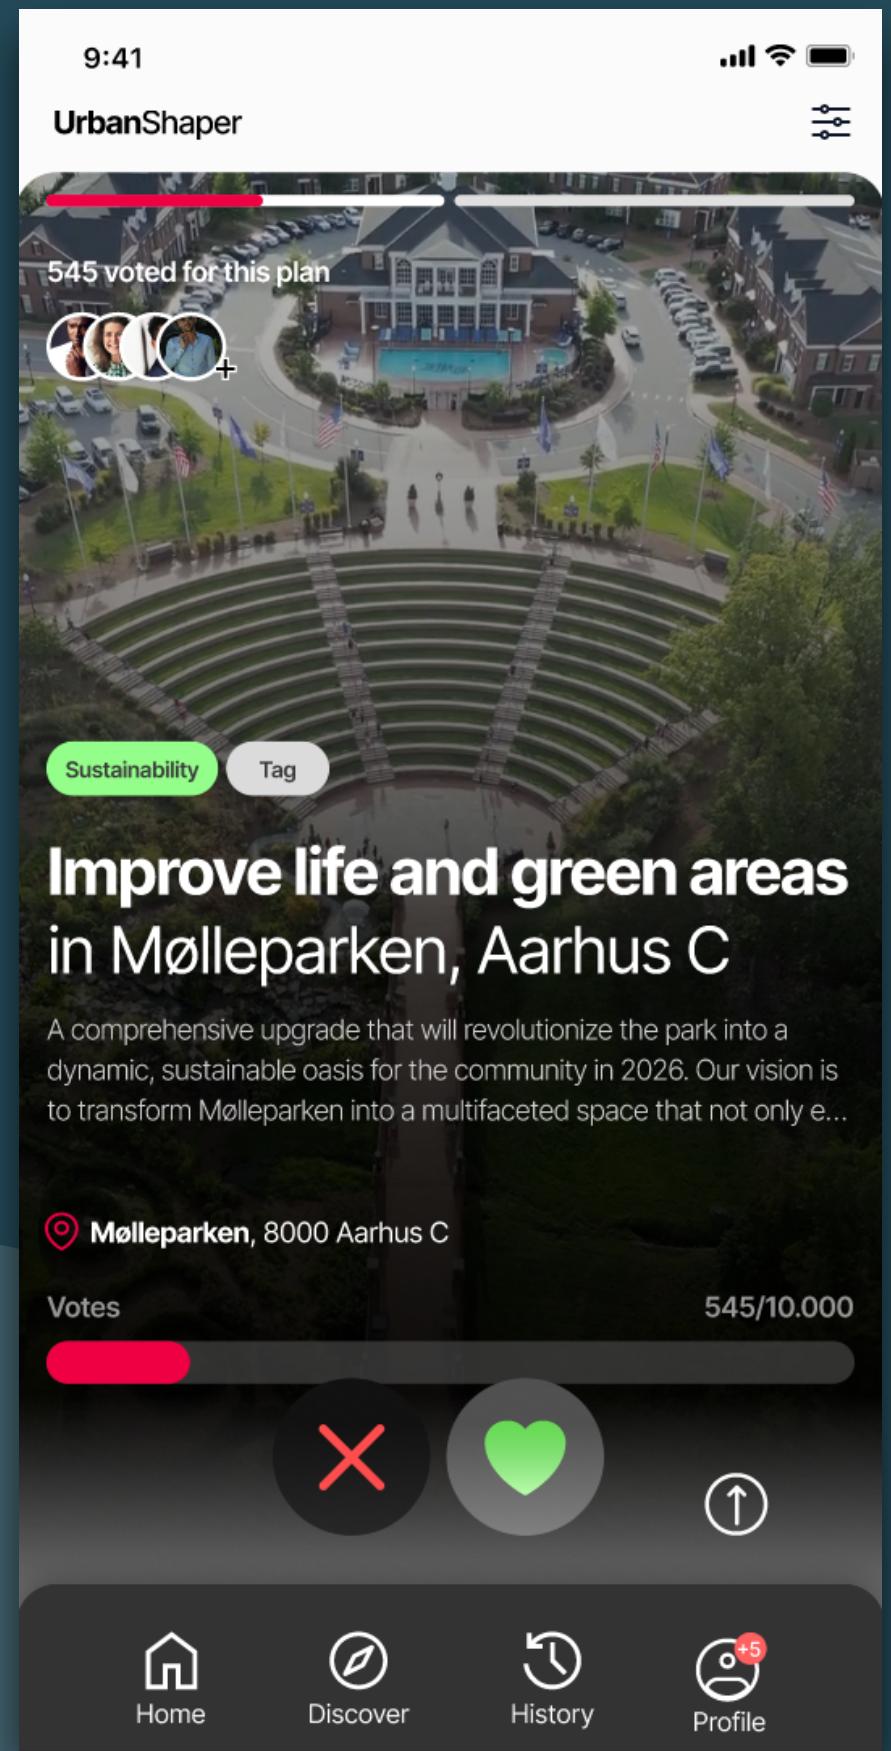

This screenshot shows a specific urban development project titled "Improve life and green areas in Mølleparken, Aarhus C". The project image shows a modern amphitheater-like structure in a park. Key statistics include "545 voted for this plan" and a progress bar showing "545/10.000". The project is categorized under "Sustainability". The bottom navigation bar includes "Home", "Discover", "History", and "Profile" tabs.

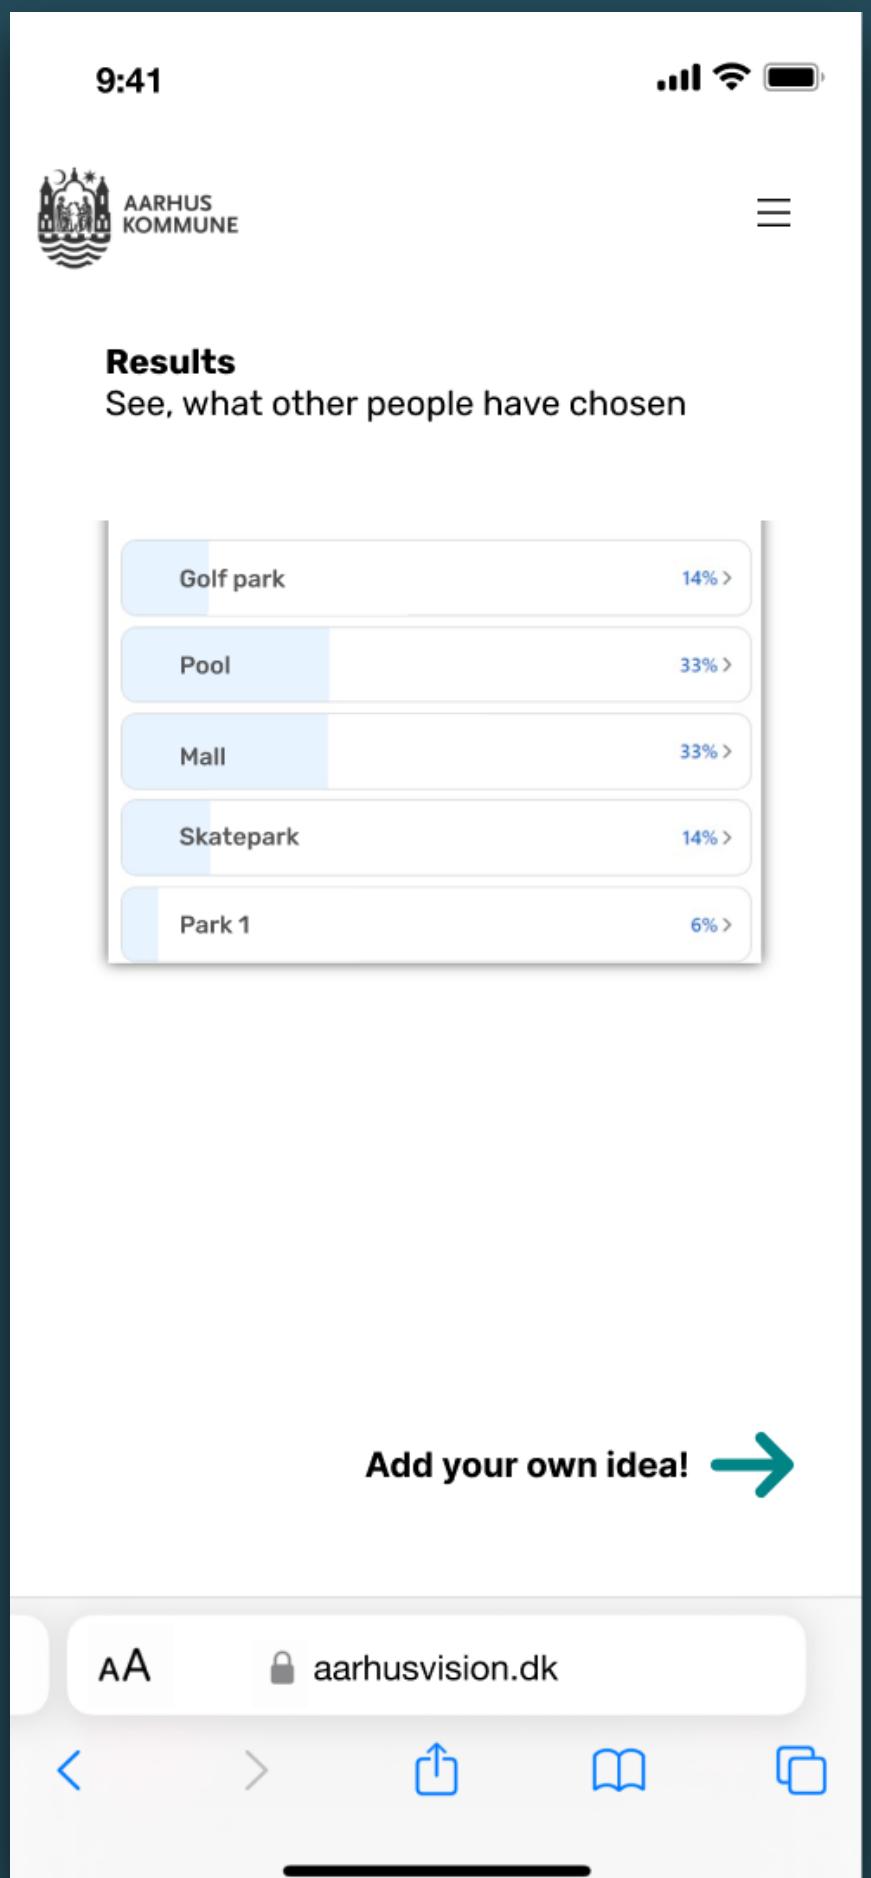

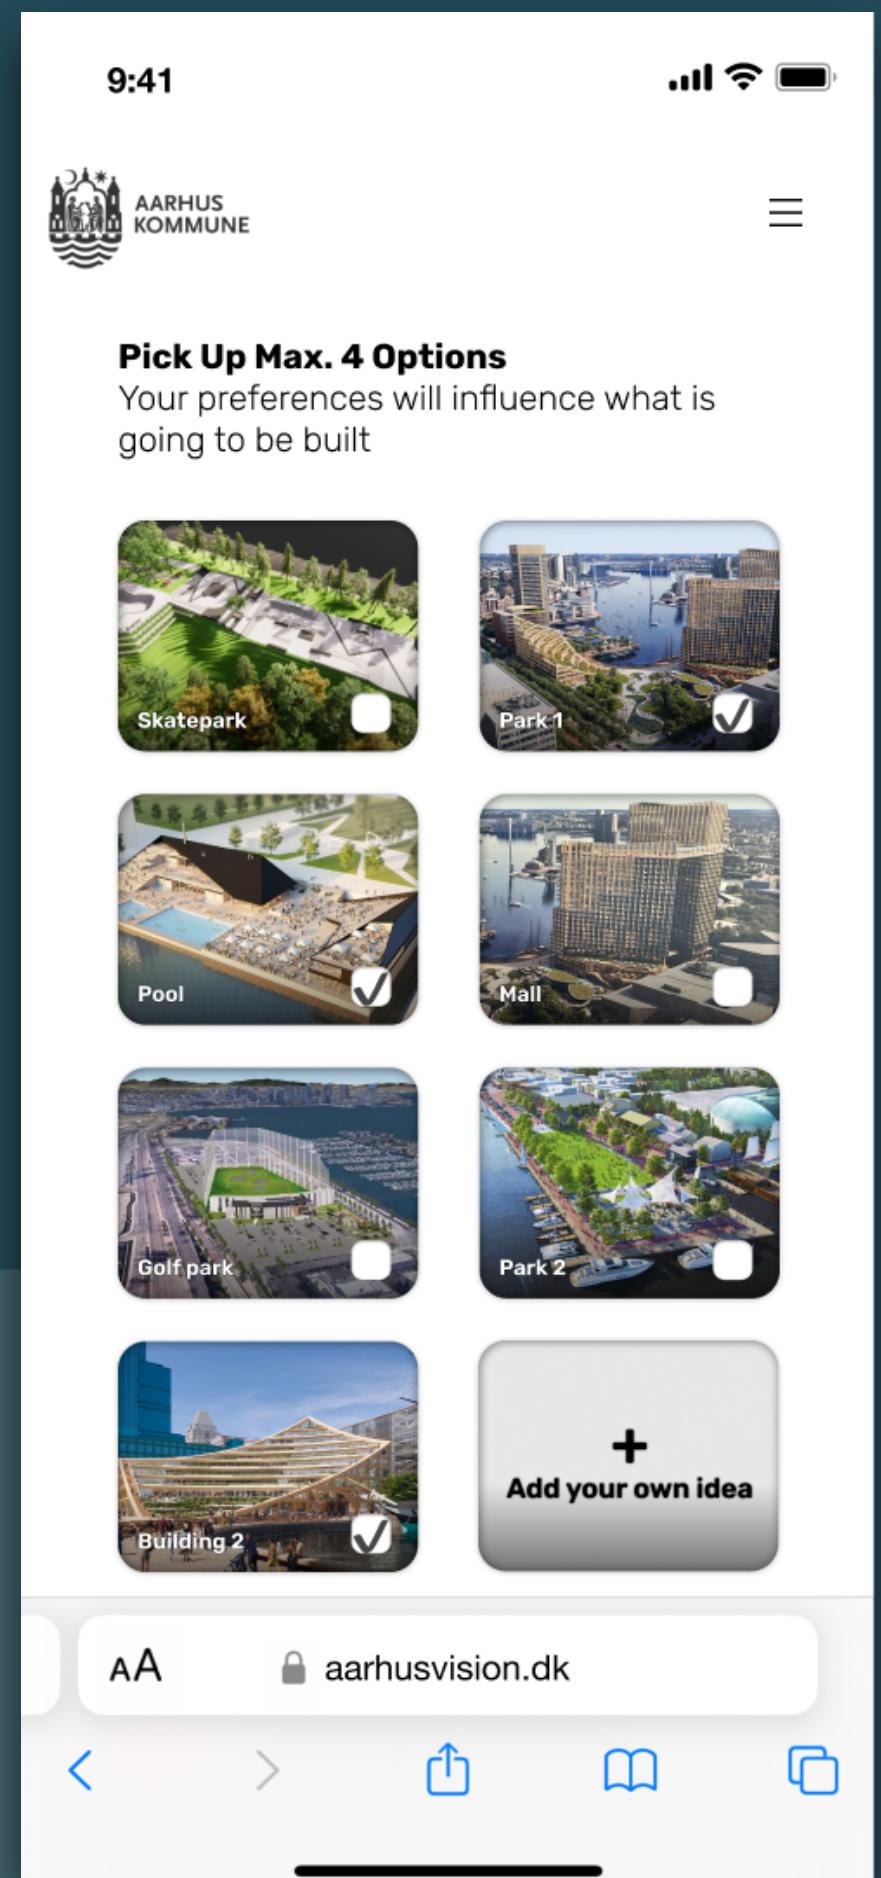

The map view displays various urban projects across the city of Aarhus. A legend at the top right indicates project locations: "Aarhus C", "Aarhus N", "Viby", "Frederiksberg", "Aarhus C", "Aarhus C", and "Aarhus C". The map highlights several project areas, including "Mølleparken", "The Old Town", "Frederiksberg", and "Præstevangen". The bottom navigation bar includes "Home", "Discover", "History", and "Profile" tabs.

**The bike lane keeps getting flooded**

This bike lane next to the water has become such a big problem for all of us. Every time it rains it keeps getting flooded and so many people are struggling to get to work

## Event Outcome: Unflood lane

**Event Outcome** ↑ ↓

Thanks to all of you participating in the last week event and all your great ideas we managed to come up with a solution to fix the problem once and for all.

This is the perfect example of how the community coming together can solve big issues such as the flooded bike lane.

**Further Actions**

- A 1 m dig will be constructed on a 50m portion of the bike lane
- The bike lane will be raised 40cm

**The Reason**  
People have spoken

**The bike lane keeps getting flooded** Bikes Roads @roadsadministartion  
I think all of us are struggling due to the flooding of this bike lane.  
We definitely need to find a solution ASAP. 248 ↑

**Overview**  
Due to high volumes of rain this year one of the most used bike lanes keeps getting flooded. This keeps getting worse every year and it's becoming a real problem for many people who use this lane to get to work or school.
